Perforated Fixing Strap BND

General Information

For dimensionless suspension without special requirements. The plastic-coated version is also suitable for copper tubes.

Temperature

Max. temperature	95 °C
Min. temperature	-40 °C

Material Properties

Halogen-free	0
UV-resistant	0

Material

Primary element material	steel
Surface finish	electro galvanized (Fe//Zn) welded plastic cover
Corrosion protection class	C2

Forces

Type	-V{Z,perm.}
BND 19	0,50 kN

Types

Type	Weight	Quantity	Part number
BND 19	1,13 kg/roll	1 roll	121015
