

#### Installation

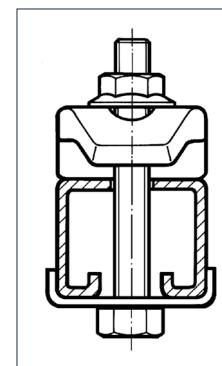

Determination of the required bolt length  $L_{min}$ :

Bolts: M8 or M10

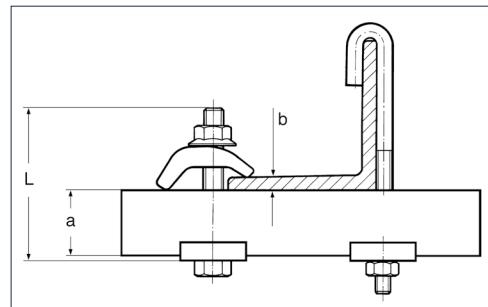

Torque  $\pm 10\%$ : 50 Nm

Arrangement A  
Pass-through bolt  
with holding bracket  
 $L_{min} = a + b + 37$  [mm]

Arrangement B  
Channel nut HZ  
 $L_{min} = b + 40$  [mm]

#### Technical Data

Type	Working load
P 1	4.0 kN

Note: For vertical installation please contact Sikla Technical Department
