Holding Bracket HK 27

General Information

Safety element for Sikla channels to be used instead of simple washers. The Holding Bracket prevents the edges along the opening of the channels from bending, and ensures optimum load distribution. When loads are imposed along the channels, Holding Brackets HK 27 provide additional safety due to embossed teeth, which penetrate the channel. Suitable for Channels MS 27.

Material Properties

Halogen-free	0
UV-resistant	0

Material

Primary element material	cast steel
Surface finish	electro galvanized (Fe//Zn)
Corrosion protection class	C2

Types

Type	Weight	Quantity	Part number
HK 27/10	0.013 kg/pcs.	50 pcs.	114422

Dimensions

Type	B	d	H	L
HK 27/10	27 mm	11 mm	6.5 mm	20 mm
